Accounts (Action Required)

You must create your **PennKey** and **Wharton** accounts before you configure any of the services listed below.

After Creating your **PennKey**, it is strongly recommended to enroll in **Self-Service Password Recovery (SSPR)**. If you do not enroll, it will be **very** difficult to reset your password if you ever forget it.

Access to Wharton services are granted **over a period of time** after creating your **PennKey** and **Wharton** accounts. While some services will be available within a couple of business days, **others will not be available**

until the start of the semester.
